

## CELLCOMFORT **ECO** Examination table protection/Bed Protection with barrier layer

- Soft absorbent surface and biobased, breathable barrier layer
- Hygienic alternative to textiles, drawsheets and paper-based examination table protection
- Keeps examination tables/beds fresh and facilitates cleaning
- Strong, non-rustling material.
- Latex-free and super absorbent-free, minimising the risk of pressure sores while being a better alternative for the environment
- Convenient and hygienic cardboard packaging with inner bag reduces heavy lifting and does not take up much storage space
- Meets the requirements for fibre shedding in SS-EN 13795
- CE labelled class 1 MDR (EU) 2017/745
- Made in Sweden from a high proportion of recyclable raw materials
- Swan environmental labelled
