

CELLCOMFORT EXTRA
Operation sheets
Bed protection
Examination table protection
with barrier layer

- Broader, longer and thicker - giving space to the pillow under the larger size
- Soft, strong, non-rustling material that can assist in moving patients >200 kg
- Hygienic alternative to textiles and paper examination table protection, keeps the table fresh and facilitates cleaning
- Generous size, easy to drape
- Convenient and hygienic cardboard packaging with inner bag, reduces heavy lifting and does not take up much storage space
- Latex-free and super absorbent-free, minimizing the risk of pressure sores while being a better alternative for the environment
- Meets the requirements for fibre shedding in SS-EN 13795
- CE labelled class 1 MDR (EU) 2017/745
- Made in Sweden from a high proportion of recyclable raw materials
