

## CELLSTRONG CELLSTRONG EXTRA

**Drawsheets**  
**Trauma sheets**  
**Operation sheets**  
**Stretcher sheets**

- Very strong with very low fiber shedding
- Hygienic, soft alternative to textiles, replaces fabric sheets, drawsheets and plastic.
- Keeps examination tables/beds fresh and facilitates cleaning
- Latex-free and super absorbent-free, minimising the risk of pressure sores while being a better alternative for the environment
- Meets the requirements for fibre shedding in SS-EN 13795
- Convenient cardboard packaging with inner bag, reduces heavy lifting
- CE labelled class 1 MDR (EU) 2017/745
- Made in Sweden from a high proportion of renewable raw material
