

## Quality Policy

Cellcomb supplies healthcare-, hygiene- and food industries with protective and absorbent products for increased patient and food safety.

Cellcomb will deliver safe products that complies with customer-, regulatory- and internal requirements.

We will always strive to maintain the promised level of service.

To meet future demands and create a long-term perspective, we will increase our level of innovation, digitalization, and implement new technologies.

All employees must be dedicated on delivering expected results and constantly improve and optimize our processes and way of working.

This approach should permeate the business and form the basis for the decisions that are made.
